

Bible 10
Extra Credit Assignment
November 14, 2009
7:00 P.M.

Discover the Bible Lands Tours will be introducing their course of study in preparation for a June 2009 tour of the Bible land of Israel. This presentation introduces a look at the Jewish roots of our Christian faith and encourages a Hebraic understanding of Jesus and the Scriptures.

I will give twenty extra credit points to any 10th grade Bible student who comes, accompanied by a parent or guardian or with a friend's parent or guardian, to the presentation. This information will greatly enhance the student's understanding of the Jewishness of their faith, casting new light on Biblical application.

There will be people present that evening who are considering doing the tour in June, 2009. The presentation is directed toward these potential travelers. Others will be there "checking out" what is involved in the tour as a possible option at a later time. If anyone is interested in further information on these tour options, information will also be available after the meeting. My primary goal, however, is to enhance student (and parental) knowledge of this essential information!

The presentation will be at CVCA in room 123. We need the registration slip below because space is limited and we can only accommodate 30 people. I must have this slip returned on or before **Wednesday, November 4, 2009. Thanks, D. Bechtel**

Student's name _____ Today's date _____

_____ Yes I plan to attend with my student _____ We cannot attend at this time

Parent Signature _____
