## Geography/Topography – The Foundation

- Why is it *essential* to understand the Geography/Topography with its Tels, Wadis, and even soil composition, for clearer interpretation and application of the Scriptures?
- How does this knowledge give one a solid frame-of-reference for *all* Jewish and Middle Eastern societies, various cultures, politics, religions, and daily life – even for today?

## Culture – Jesus Was Jewish

- Why is it imperative to recognize the difference between ancient *HEBREW THINKING* and *GREEK THINKING*?
- What are the *Jewish Feasts* and why should one more fully comprehend their significance?
- What is COVENANT? What do the *Ancient Jewish Betrothal* and *Ancient Jewish Wedding* have to do with salvation? How are they illustrations for prophetic interpretations – and even answering the *eternal security* question?
- Why is it vital to identify the pagan religious system and their “gods” at the time the Children of Israel entered into the Promised Land – and continuing through the 1st Century (Jesus’ time)?
- Why is it important to clearly differentiate between the *political & religious groups* to whom Jesus (Yeshua) spoke?

## History – The End Result

- Since we have Biblical history, why do we need to know the Ancient Hebraic and Middle Eastern History?
- What is the *Christian fear factor* for the Jewish and Arab people today?

## Hebraic Roots – In The Christian Faith

- What do the Old Testament animal sacrifices have to do with the Christian faith?
- Why did Jesus (Yeshua) have to die for sin? Was it a random act or a continuation of a previous pattern?
- Do today’s events in the Middle East have any connection to the past?

## Sites of Israel – Ancient Voices Remain

- Why is it wise to have a visual and feet-in-the-Land experience?
- Why is it important to visualize the *regions* of the Land when studying the Scriptures?
- Why would I need to understand Jerusalem with its ancient and present Quarters and Temple Mount?
